SAVE INDEPENDENT JUDO

A campaign to maintain the rights of independent judo groups

Petition to Rt Hon Richard Caborn Minister for Sport

We the undersigned are concerned at the threat to the city / town's judo. The British Judo Association (BJA), with the power they have, are on a course which will lead to the closing down of vast numbers of judo groups who are not members of the BJA.

Judo here is enjoyed by many young people without the intense competitiveness which is the reputation of the BJA. It gives them a sense of confidence, discipline and good manners as well as occupying them with hours of good fun and healthy exercise. This is all enjoyed outside of the BJA. We want to stay as we are, independent, while retaining the right to full facilities which we have at present.
